

MINUTES OF
ST. GEORGE SELECTBOARD MEETING
August 21, 2008

Present: Bob Gugerty, Phil Gingrow, and Barbara Young.

Approval of minutes of July meeting deferred to next meeting.

Orders approved.

Reviewed and approved reappraisal enclosure for tax bill.

Discussed the lack of progress on the town office foundation work. Bob will contact Todd Pillsbury for a status.

Bob and Phil reported on a walkthrough of Ayer Rd. with Neil Boyden, Director of Public Works for Williston, and Rick Peet, of Williston Public Works. Neil and Rick provided suggestions for immediate needs and long term needs for improving the road and offered to assist in creating a request for quote template for us to use to contract the work we need to have done. Bob will contact Lewis Excavating to grade the road now due to poor condition caused by extended rain. Additional action will be discussed when we receive the document from Neil.

Bob and Phil will attend the VLCT Town Fair in Rutland on October 2nd. Sessions presented will include roads, computer security, and recreation.

E911 updated were reviewed and processed to be sent to the state.

The Board set the 2008-2009 municipal tax rate at .2463 at the July meeting. Upon further review, Barbara noted the money market fund was included in her computation, which she had not intended. Based on this, she suggested we reconsider the tax rate. Action tabled until Tom returns from vacation.

Barbara has received a request for information on the town leash ordinance and wondered if there was one. Phil replied he was aware there was an ordinance. It was suggested all town ordinances be posted on the town web site.

Next meeting September 18th.

Adjourned 8:25 pm.
